Target Exploration

Target's Training, Courses and Workshops

Target Exploration developed pre-/or post-Target conference E&P courses and country reviews that can be conducted in-house and customised to company's needs. For information contact: M. Ibrahim via Telephone: (+44) (0) 2073712240, or Email: m.ibrahim@targetexploration.com.

No.	Course Title	Recommended For	Venue	Dates
TarC1	<u>Impacts of Sand and Dust Storms (SDS) on Petroleum and Energy Operations in Kuwait and Arabian Gulf Countries</u>	Driving to work staff, Field, HSE, Seismic and Drilling Crews	Imperial College, London, UK	20 Sept 2017
TarC2	<u>Gravity and Magnetic in the Oil Industry (with reference to North Africa)</u>	Geoscientists, Geophysicists, Explorationists, Basin Modellers	Imperial college, London, UK	21 Sept 2017
TarC3	<u>Introduction to the Petroleum Geology and Typical Fields of Oman</u>	Geoscientists, Petrophysicists, Geochemists and Pet Engineers	Imperial College, London, UK	21-22 Sept 2017
TarC3	<u>Introduction to the Petroleum Geology and Typical Fields of Oman</u>	Geoscientists, Petrophysicists, Geochemists and Pet Engineers	Elite Resort & SPA, Manama, Bahrain	3-4 March 2018

TarC4	Geothermal Gradient Review for Geothermal Anomalies of Missed and By-passed Oil and Gas Traps in Mature Basins	Geoscientists, Petrophysicists, Geochemists & Petr. Engineers	1 Day
TarC5	Introduction to the Petroleum Geology and Typical Fields of Kuwait	Geoscientists, Basin Modellers, Geochemists and Pet Engineers	2 Days
TarC6	Interpretation of Drilling Mud Gas (GWD) Logs and Records	Geoscientists, Petrophysicists, Drilling Crew and Reservoir Engineers	2 Days
TarC7	Writing Papers for publication in Scientific Journals and Presentation at Conferences	Technical and other Employees	1 Day
TarC8	Working and Living as Expatriate in Kuwait & Arabian Gulf Countries	Expatriate Employees & Families	1 Day
TarC9	Dry-hole Post-mortems: May Identify Missed and/or Bypassed Oil and Gas Traps	Geoscientists, Petrophysicists, Geochemists, Petrol. Engineers	1 Day
