

## Courses and Fieldtrips

*Target Exploration Consultants* conducts several Exploration and Development Geosciences Courses, E&P Country Reviews and workshops in the UK and MENA Countries. Click Course Title for Course Description, Instructor and Registration Form. In addition to organising standalone Geological Field-trips Seminars, some of Target ECL courses may be followed by a [Geological Field-trip Seminar](#) to the exposed source, reservoir and seal rocks examples of the petroleum systems discussed in the course. Target Exploration courses can be modified to meet individual company's requirements, and ran in-house.
