## Our Courses and Fieldtrips

Capitalising on their academic and industrial experiences, *Target Exploration's* consultants have been providing in-house, public and recently online courses on Petroleum Exploration and Oil & Gas Fields Development Geosciences, Petroleum Reservoir Engineering and HSE since 1997. Some of our courses are followed by Field-trip Seminars to exposed rocks of the subsurface source, reservoir and cap rocks of petroleum systems discussed in the courses. Click on the name of course/fieldtrip listed below for description, instructor(s), time, location and registration form. For online or in-house or exclusive courses, field-trip seminars, trips to specific exposure, structure or area of interest; e-mail: [target@targetexploration.com](mailto:target@targetexploration.com) or [mw.ibrahim@targetexploration.com](mailto:mw.ibrahim@targetexploration.com), or telephone us via: (+44) (0) 207 371 2240.
